Experience & specialist field

Chris has many years experience of servicing a broad portfolio of clients from significant sized groups to partnerships and sole traders. He has specialised in services to the legal profession for some 20 years plus, both in the forensic/litigation support field and also in respect of compliance and advice issues.

Cases in which Chris has been involved over the years include :

- Matrimonial disputes and settlements, often requiring business and/or share valuations and tax advice
- Shareholder and partners disputes
- Loss of earnings/profits claims resulting from personal injury or medical negligence
- Theft, fraud and confiscation orders
- Professional negligence claims
- Financial services mis-selling actions

Court Attendances

He has given expert evidence in court and at a variety of other hearings and tribunals. Chris has also had the unusual experience of acting as advocate in one complex case.
