Experience & specialist field

Martin has for the last 10 years, specialised in litigation support and forensic accountancy, preparing reports for a wide variety of:

- claims for loss of earnings, profits and pension (including loss of dependency) caused by personal injury arising from road traffic accidents, accidents at work or medical negligence.
- matrimonial disputes including providing business and share valuations.
- partnership disputes
- fraud and Confiscation Orders

He has been appointed as a Single Joint Expert on several occasions and has also held meetings with other experts to identify areas of agreement and disagreement in order to prepare joint statements to assist the court. He also looks after a varied portfolio of clients ranging from groups of companies to sole traders.

Court Attendances

Martin has given expert evidence in court on several occasions including the Crown Court and the Royal Courts of Justice, High Court family division. Matters where he has given evidence include share and business valuations for matrimonial cases, partnership disputes and theft and false accounting.
